

The gift for the future

Since 1919, the Tuscarawas County YMCA has been making a difference in the lives of young people and families in our community. Thousands of people have benefited and been positively affected by the activities and services offered.

Longevity is not the only significant factor in determining an organization's value. It must be accessible to everyone in the community so that all can benefit from the development of good character. It must contribute to the overall spirit of the community and help develop a sense of responsibility. It must help develop volunteer leadership for both youth and adults to be ready to meet the needs of our neighbors.

Because so many of us have benefited by the generosity and foresight of our predecessors, we know the benefit that this organization can provide to youth and families.

But the concern is, will the YMCA be able to meet those needs in future generations?

It can, but only with the support of those who know that the YMCA is an important part of our community.

Leaving a legacy

The Heritage Club helps ensure the long-range financial stability of the Tuscarawas County YMCA.

It is a plan to protect the heritage we value and cherish. Individuals and couples are encouraged to become members of the Heritage Club as a means of showing their support and commitment to the YMCA mission, now and for years to come.

Membership Qualifications

- A will directing a portion of the assets to the YMCA endowment fund.
- An insurance policy directed to the endowment fund naming the YMCA as the beneficiary.
- An outright gift of \$500 or more of money, land, other real estate, stock, insurance, or other resources, or a pledge of \$500 or more for five years directed to the YMCA endowment fund.
- The gift of land, other real estate, stock, insurance, or other resources, deferred by creating a Charitable Remainder Trust that directs all or part of the principle to the YMCA endowment fund.

Please commit to the long-term financial security of the YMCA and for the thousands of young people who will benefit from YMCA programs and services.

Passing on a tradition

The YMCA Heritage Club was established as a means of helping preserve the YMCA for future generations. The Heritage Club is made up of individuals in our community who believe in the YMCA and have made a commitment to ensure that the YMCA tradition continues into the future.

TUSCARAWAS COUNTY YMCA

YMCA Mission: The Tuscarawas County YMCA is committed to enriching the lives of everyone in our community by the development of healthy spirit, mind, and body through membership services and programs based on Christian principles of caring, honesty, respect, and responsibility.
