Educators in the YMCA's Preschool Education Program foster great achievement by presenting curriculum in a way that makes learning fun, meaningful, and interesting. Daily lessons are created to boost development through creative, age-appropriate activities, hands-on experience, and a balance of indoor and outdoor play.

All students are accepted for this program. A child is considered enrolled in the center only after the required fee has been received, the administrator confirms the availability of the space, and the required paperwork is received, including enrollment packet and DCY form 01234.

If the child has any medical concerns, please inform the Director so a **Medical plan can be filled out and staff can be trained as needed (DCS form 01236)**. Children must be vaccinated to enroll in our program. Unvaccinated children will only be accepted into the program if it is documented on the ODJFS Medical statement then signed by the parent and Doctor.

If there is a scheduled day off or snow day, parents will bring their child to the Afterschool site. Withdrawal from the program will be agreed upon by the parent and/or the Youth and Family Director.

## Attendance, Absences, Release of Children

### Attendance, Absences and No Shows

We record attendance for each individual child upon arrival and departure.

It is the parent/guardian's responsibility to notify the staff if a child will be absent from childcare due to illness, vacation, or for personal reasons. If an absence is not communicated, staff will contact a parent/guardian to verify the absence. If a parent/guardian cannot be reached, staff will call the designated emergency contact and will continue trying to contact parent/guardian until the location of the child is verified.

This process of notification will also take place if a child is scheduled to arrive from another program/activity and does not arrive.

### Procedure For Releasing a Child

If the person picking up your child is suspected to be under the influence of drugs or alcohol, the following procedure will be followed:

- If the person is not the custodial parent, the custodial parent will be called before releasing the child.
- If the person is the custodial parent, the child will be released, but authorities will be called.

**Children will be released only to individuals authorized in writing by the custodial/residential parent or guardian.** The names of people authorized by the custodial/residential parent or guardian to pick up a child are kept on site. If the program staff members do not recognize an adult picking up a child, the adult will be asked to identify himself or herself and the name of the child to be picked up. Adults will be required to present a proper form of photo identification. If the person asking to pick up the child does not have proper identification, the child will not be released until the parent has been contacted and has verified the identity of the person and authorized the release of the child. This procedure is designed to protect the safety of the child, and any doubt will be resolved in favor of not releasing the child.

A child shall only be released to people sixteen years of age or older, except when parent or guardian permission is on file. This written permission shall be signed and dated by the parent or guardian and administrator.

Any changes to the list of people authorized to pick up a child must be communicated to the childcare staff immediately.

## Procedure for Custody Agreements

If there is a custody issue involving your child, you must provide the Youth and Family Director with court documentation indicating who has permission to pick up the child. The childcare site may not deny a parent access to their child without proper documentation. It is the registering parent's responsibility to provide all court orders addressing parental rights, such as custody and visitation rights, about the child enrolled in the Childcare Program. The YMCA will follow all legal documentation. If an issue occurs that is not identified in documentation, proper authorities will be called.

## Illnesses

Ohio law requires that the Program always maintain a minimum child/staff ratio. (Ohio Administrative Code 5101:2-12-18). For this and other reasons, **the Childcare Program is not equipped to care for children who are ill.** We appreciate the cooperation of parents in keeping their children at home when those children exhibit any of the symptoms listed below and coming promptly when called by the Childcare staff if their child is identified as exhibiting symptoms. It is crucial that you keep the staff informed of the phone numbers where you, and at least two other authorized adults, can be contacted at all times for this purpose.

## Symptoms for Student Discharge

If a child exhibits any of the following signs or symptoms, he or she will be isolated from the other children, and the parent or guardian will be notified to come and pick up the child:

- Temperature of 100 degrees Fahrenheit taken by the axillary method
- Diarrhea, three or more abnormally loose stools within a twenty-four-hour period.
- Severe coughing, causing the child to become red or blue in the face or to make a whooping sound
- Difficult or rapid breathing
- Yellowish skin or eyes.
- Redness of the eye, obvious discharge, matted eyelashes, burning, itching.
- Untreated infected skin patches, unusual spots or rashes.
- Unusually dark urine and/or gray or white stool.
- Stiff neck with an elevated temperature.
- Evidence of untreated lice, scabies, or other parasitic infestations.
- Sore throat or difficulty in swallowing.
- Vomiting more than one time or when accompanied by any other sign or symptom of illness.

## Procedure for Isolating Student and Contacting Family

A child isolated due to suspected communicable disease will be cared for on the other side of the room that is not being used by other children. The ill child will be provided with a cot to rest on and always be within the sight and hearing of a Childcare staff member. They will be monitored constantly until the parent, guardian, or other authorized person arrives to take the child home.

**Parents of an ill child will be notified immediately and will be expected to arrive promptly to take their child home.** The Childcare Program recognizes the difficulty that this may present, but it is necessary for the health and safety of both the ill child and the other children at the program. It is important that you provide the Program with the names and phone numbers of at least two other people whom you authorize to pick up the child in these circumstances, should the program be unable to contact you personally.

Mildly ill children experiencing minor symptoms or a child who does not feel well enough to participate in activities but who is not exhibiting serious illness symptoms will be observed carefully for sign and symptoms of worsening conditions.

## Communicable Disease

The center follows the Ohio Department of Health "Child Day Care Communicable Disease Chart" for the appropriate management of suspected illness. This chart is in the program room. All members of the Childcare staff receive regular in-service training in the management of communicable diseases according to rule 5101:2-12-16 of the Administrative Code and in proper hand washing and disinfecting procedures.

A sign will be posted visible to parents/guardians on the door or next to the kiosk, to notify parents when their child has been exposed to a communicable disease by the next day of the program's operation.

A child who was discharged because of illness will be re-admitted to the program when the child is free of communicable disease symptoms or by the written permission of a physician. The program site will follow the communicable disease chart as a guide, and the childcare program reserves the right to require a statement from the physician before readmitting the child. If sent home with a fever or vomiting, he/she must be fever/vomit free 24 hours before returning.

## Emergency Plan

All YMCA staff are prepared and trained to activate emergency procedures in the event of severe weather, fire, or other conditions that require building evacuation or other immediate safety measures. Each program location has a disaster emergency plan, please ask YMCA staff if you would like to obtain a copy.

## Administration of Medication

### Prescription Medication

Medications will be stored in an area inaccessible to children. If rescue medication is brought to care daily, **the medicine must be handed to a childcare staff upon arrival and will be put in an area inaccessible to children.** School age children are not permitted to carry their own medications or ointment. School age children are only permitted to carry emergency medications between school and care. Counselors will keep them on their person once the child is signed into care and return it as the child leaves.

Medications must be in their original container and administered in accordance with instructions on the label. The label must state the child's name, current date within the last 12 months, an exact dosage to be given, the specific number of dosages to be given daily, and the route of administration.

The Child Care Program reserves the right to refuse to administer certain medications. All medications will be removed from the program when no longer needed or if medication expires. Parents will be contacted to pick up their child's medication. If it is not picked up within 5 days, the medication will be disposed of by program staff.

### Medication Policies: Administration of Medication, Medical Foods, and Modified Diets

The staff shall:

- Be trained on administration of medication and medical/physical care plans for all children they are responsible for.
- Assure the medication, medical food, or modified diet is not administered for any period of time beyond the date indicated by the physician or for 12 months, whichever comes first.
- Administer the medication/medical food for children they are responsible for.

- Verify each administration or application of medication by documenting it on the DCY 01217 and or DCY 01236 form.
- Assure that dosages administered do not exceed prescribed dosages.
- Assure that a separate form is used for each medication/medical food.

### Summer Day Camp Sunscreen

For sunscreen to be administered, a permission slip must be completed by parent/guardian. Please apply sunscreen before your child arrives at camp. Staff will re-apply sunscreen after lunch.

Application of nonprescription topical products and lotions used only as a preventative measure do not need to be documented.

### Special Health Condition Paperwork:

**All medical paperwork must be complete and approved before child begins in care.** For a special health condition, a DCY 01236 "Child Medical/Physical Care Plan", must be completed.

For a medication to be administered, a DCY 01217, "Request for Administration of Medication for Child Care", must be completed by parent/guardian and physician when applicable.

For a medical food or a modified diet, a DCY 01217, "Administration of Medication for Childcare" and/or a DCY 01236, "Child Medical/Physical Care Plan for Child Care" must be completed by a physician. We will administer medication for with proper forms completed by parent/Doctor.

### Nutrition

The YMCA provides 1 healthy snack containing 2 of the food groups during AM Preschool, PM preschool and Afterschool care.

### Weather

Please listen to WJER and WTUZ radio stations and social media platforms for a list of closings. **If Dover Schools close, the preschool program will close. If Dover has a two-hour delay, the preschool program will close.** Make Up days will be announced later.

If Dover or New Philadelphia has a two-hour delay, we will still provide afterschool care only.

## Supervision policy

Our number one supervision policy is that we only hire the best childcare staff! All our teachers and camp counselors are fun, smart, and loving. They are dedicated to their chosen profession and work daily to get better while providing the best possible experience for your child. We record attendance for each individual child upon arrival and at departure. We do frequent counts to ensure all children are safe, present, and accounted for. For preschoolers and school aged children, teachers will accompany them to the bathroom or anywhere onsite. For school agers 7 years old or older, once it is determined there is no one unauthorized in the area, the child will be in either eye shot, or ear shot of the teacher to use the restroom or enter another authorized area.

## Behavior Management

### Student Code of Conduct and Core Values

- I will be respectful
- I will be kind
- I will be caring
- I will be honest
- I will follow the rules
- I will do my best and if I fail, I will learn from my experience and pledge to do better next time.
- I will be a friend and accept the responsibility to be a helper, making the program a great place to be for all.

Our staff believe that it is important for children to learn self-control as part of their developmental experience. Our teachers always treat children with love and respect and make clear our expectation that they love and respect others in return. The foundation of our behavior management philosophy is conscious discipline, which is a comprehensive self-regulation program that integrates social-emotional learning and discipline. Conscious Discipline integrates classroom management with social-emotional learning, utilizing everyday events such as the curriculum and addressing the adult's emotional intelligence as well as the child's. In addition to Conscious Discipline, we utilize several tools in our guidance process. Positive reinforcement is used to encourage children to use the right behavior. We also use positive redirection – removing the child and giving them an appropriate activity – when there is an issue. When these approaches fail to accomplish the desired behavioral outcome, we put a progressive guidance action plan, called a Behavior Management Plan, in place with the family.

## Behavior Management Plan – warnings, suspension and expulsion from the program

### Afterschool/Day-Off/Summer Camp

In the program, children will follow the “Off the Path Consequences” chart which consist of the following”

1. Verbal Warning
2. Take a Break (step away from current activity)
3. Roadblock Card (Formal conversation with teacher and action plan for how to do better next time)
4. Last Warning (immediate conversation with Youth and Family Director)
5. Behavior Report (formal write up) – See progression of behavior reports below.

Once a behavior report has been given, the following is the progression:

1. First Behavior Report: Formal write-up and the parent/guardian will be contacted.
2. Second Behavior Report: The child will be sent home and serve a suspension. Parent/Guardian is contacted and must discuss incident with the Youth and Family Director.
3. Third Behavior Report: The student will be sent home and serve a suspension. Child cannot return until parent/guardian meets with the Youth and Family Director to develop a specific behavior management plan.
4. Fourth Behavior Report: The student will be expelled from the program and services will no longer be provided.

### **Behaviors that may result in suspension include, but are not limited to:**

- Refusing to follow rules or cooperate with staff
- Leaving the group or staff without permission
- Use of profanity, vulgarity, obscenity
- Continuous disruptive behavior
- Fighting of any kind
- Endangering the health and safety of self, other children, and/or staff
- Teasing/bullying of other children or staff
- Stealing or damaging property

**\*\*We may suspend or disenroll a child if there are excessive absences or if the account becomes more than one month past due.**

## Incidents and Emergency Transportation

In case of an accident, the following procedures will be used:

A member of the staff will provide immediate First Aid for minor accidents. If further medical attention is required, staff will contact 911 and the parents.

### Incident reports

Incident reports will be completed by the childcare staff member in charge of the child and given to the parent, guardian, or person picking up the child, to sign and keep a copy. These are given when the following occur:

- An illness, accident or injury which requires first aid treatment.
- A bump or blow to the head. (Immediate call to parents)
- Emergency transportation. (Immediate call to parent and childcare staff member travels with child)
- An unusual or unexpected event which jeopardizes the safety of children or staff, such as a child leaving the childcare site unattended.

In case of serious accidents, a member of the staff will notify the parent/guardian. In case a parent or designated person cannot be reached, the Director will have the authority to call the designated physician and/or call the local emergency unit for treatment and/or accompany the child to the hospital and stay until the parent/guardian arrives. **Please indicate on your child's enrollment forms that we can provide emergency transport; we cannot enroll your child without this consent to adhere to our policy.**

## Outdoor play

Our program includes outdoor play time daily whenever weather permits. Your child will never stay in the center for more than four hours without outdoor play. ALL children will play outside when the temperature is between 25-90 F, if the broader weather conditions cooperate, rain, snow, ice, etc. Please send your children with clothes and shoes (preferably closed-toed) appropriate for outdoor play on the day you drop them at the center. On days when weather does not permit outside play, we will go to the gym or engage in gross motor activities indoors

## Formal screenings and assessments

We will provide formal child screenings called Ages and stages questionnaires at the start and again at the completion of the Preschool year. This will help determine your child's development and kindergarten readiness. We encourage parent participation in the completion of these.

We will not complete screenings during our summer camp program.

We will not complete any formal screenings or assessments for school age children in our afterschool program.

We do not report child level data to ODFJS (pursuant to 5101:2-17 of the administrative code)

## Parent participation

Parents are welcome to participate at our center whenever they would like and have unlimited access to all parts of our facility during operating hours. Parents with questions or concerns should talk to their child's teacher or the center Director. You are welcome to speak to the Director or teacher at any time during our hours of operation.

If you need to have a lengthy conversation with a teacher, we ask that you schedule it in advance so the teacher can be available from daily responsibilities. Parents may request from the Director the contact information of other members' families. This contact information will be provided except for those member families who have requested that their contact information not be shared.

## Diapering policy

We ask that children be potty trained prior to enrollment. We understand that potty accidents happen and we will help change your child, please provide a spare change of clothes for your child.

Please see Director if your child has a delay or disability that may require to be diapered, and we will discuss options.

## Napping

Due to the structure of our programs and hours of operation. We do not offer naptime. Children may rest on provided cushions if needed.

## Transportation

We use YMCA vehicles or local school district bussing for transportation. Written permission slips signed by the parent or guardian will be required in advance of the trip. The staff/child ratio will always be met while out of the center on field trips. Children will be assigned to a specific staff childcare member for each trip.

The following will also be met:

- An adult will be present in the vehicle any time that children are in the vehicle.
- If the vehicle chartered has seat belts, they will be used by the adults and the children.
- Children will not be permitted to stand or sit on the floor of the vehicle.
- Children will not be permitted to ride in the front seat.
- The staff will see that each child safely boards and exits the vehicle.
- The staff will conduct a check of the vehicle at the end of each trip to be sure that no child has been left in the vehicle.
- Prior to transport, staff will check the fuel level of the vehicle.
- No smoking will be permitted in the vehicle.
- A person trained in first aid, communicable disease and CPR will be present at the destination. We will take a first aid kit, a cell phone, all emergency transportation authorization forms, completed enrollment forms for each child, and a completed child medical plan form for each child who has health conditions, a record listing each child on the trip, and any supplies needed to provide treatment for children with health conditions on the trip.
- Children will wear a YMCA t-shirt Routine Trips – routine trips are defined as repeated excursions off the center premises which occur on a regularly scheduled basis and that parents have been made aware of the destinations of the trip. We require a permission slip for such trips. Examples include transportation to and from school, getting on and off the school bus, and walks

## Swimming

Our Day-Off children and summer campers swim daily at the YMCA swimming pool. **Parents must sign permission slips for each child to participate**, parents must indicate whether the child is a swimmer or non-swimmer. ## Disability Concerns

### Providing Reasonable Accommodations

The YMCA is committed to serving everyone in the community by complying with all applicable provisions of the Americans with Disabilities Act (ADA) and its corresponding state and local laws. It is our policy not to discriminate against any child or family because of an individual's disability. In line with this policy of nondiscrimination, we will provide reasonable accommodations to children and their family members with disabilities as defined by the ADA or applicable state or local law who have made us aware of a disability.

If you and/or your child require a reasonable accommodation, please contact Management to inquire as to what we can do to accommodate a disability. We encourage individuals with disabilities to come forward and request reasonable accommodation. We will establish a written child/family specific procedure for those who require accommodation. Any written procedures required for caring for the child will address, by way of example, mobility accommodations, 19 administering pharmaceuticals (see Policy 20.0-20.1), feeding accommodations (see Policy 21.0), and other care accommodation procedures.

As these matters are very case specific, we will do our best to reasonably accommodate you and your child.
